

Dear Midlands Space Cluster colleagues,

Please see below for the latest from Midlands Space Cluster :

1) Midlands Space Cluster website is now LIVE!!

Our cluster now has an online 'home' – we're keen to make our new website the hub for all things Midlands Space Cluster. All businesses who have filled in a capability assessment should see their names on the Business Directory – if you're not there and would like to be, get in touch with Frank or myself. [Welcome to the Midlands Space Cluster](#)

Please take the time to have a look around the new website, and if you have news you'd like to share – new business or R&D successes in space, for example – then send it over and we'll add it to our news pages.

2) OHB Space – UK Supplier Day

We communicated last week that OHB Space have recently set up in the UK and will be holding a supplier day (date TBD) to build a new supply chain. They have a particular interest in:

- Mechanical Support (Sub)Systems
- Electrical Harnesses and Connectors
- System/Spacecraft structure design and/or build
- Mechanisms
- Thermal management features
- Electrical and Electronic (sub)systems

Thanks for those who have already registered interest. The template is attached once more to this e-mail and needs to be returned to me by **Monday 12th May**.

3) ESA 101 Workshop – 30 May, Space Park Leicester

Are you interested in exploring business with the European Space Agency? Do you want to learn the basics about ESA? This event is for you. Register for free : [ESA 101 - Leicester Tickets, Fri 30 May 2025 at 09:30 | Eventbrite](#)

4) Future Networking Events – Midlands Space Cluster

The Midlands Space Cluster is currently in a planning phase – announcement of the date and location of our next networking event will be coming soon.

5) Space Enterprise Community & National Space Ecosystem News

The Satellite Applications Catapult does a great job of sharing industry news on their website and connecting people through the Space Enterprise Community. If you are not already registered, take a look here : [Home | Space Enterprise Community](#).

We have also shared a copy of their latest news digest on our new Midland Space Cluster website here : [Industry-Digest-06-May-2025-Satellite-Applications-Catapult.pdf](#)

Kind regards
